

To capitalize on this first step, the Classics now needs some stability. This is why we propose the following procedure:

- The Classic Discipline Championship trial rules valid from 1st March 2019 have been reviewed by the IACA committee and given the positive responses received will stay in place and apply to the upcoming European Championships in Cadiz / Spain & the World Championships in St Petersburg / USA.
- Should no request for changes be received during this period, in terms of IACA constitution Rule 11.1, an agenda item will be raised at the next WGM for trail rules to be voted on and if approved, the appropriate ballot sent to all financial members.
- If any National Association feels a change is required to these trial rules then we welcome any alternate proposal to be scheduled for a vote during the WGM. Please note that any final approval will need to be looked at in terms of Constitution Rule 11.1.

If anyone isn't happy with the above procedure, here is how you have to proceed :

- An alternate proposal can be presented to IACA by 31.12.2019. If three National Associations come up with an alternate proposal, it will need to be looked at in terms of Constitution Rule 11.1.
